## SPECIFICATIONS

### F-3000 FOG MACHINE

The F-3000 Fog Machine is a high-performance, powerful unit designed to generate large, atmospheric fog effects for any event or venue. Featuring a robust 3000W heating element, it quickly produces a large volume of fog that fills the space, enhancing the ambiance of parties, concerts, theater productions, or special effects applications. Its reliable performance, combined with easy setup and operation, makes it an essential tool for both professionals and enthusiasts. The F-3000 Fog Machine is the ideal high-output fog machine for any occasion.
