Cryo Jet - CO2 Blaster

The Cryo Jet by Global Special Effects is a high-powered CO2 special effect designed to create dramatic bursts of cold fog that shoot 25+ feet in the air. Perfect for concerts, nightclubs, sporting events, stage productions, and live performances, this compact yet powerful unit delivers powerful plumes of fog that instantly captivate any audience. The fog effect is cold to the touch, safe for indoor and outdoor use, and dissipates within seconds, making it the perfect tool for interactive stage effects without the mess or lingering residue.
