Gasless Confetti Machine

The Gasless Confetti Machine by Global Special Effects is a powerful, plug-and-play solution for creating confetti bursts at concerts, weddings, sporting events, and more. This electric confetti launcher eliminates the need for gas or external compressors, making it safer, easier, and more cost-effective to operate. Designed for maximum impact and minimal setup, this machine launches confetti up to 25 feet in the air with the push of a button. It's compact, reliable, and suitable for indoor or outdoor use. Just load your confetti, plug it in, and get ready for confetti!
